- Tip of the Month
- Offshore Europe
- New JDN General Catalogue
- JDN in Application

## Tip of the Month

In the download area on our web site JDN product photos are at your disposal, depending on use in 72 dpi or 300 dpi.

## Offshore Europe

For the 18<sup>th</sup> time the 2007 Offshore Europe Exhibition will be held from 4<sup>th</sup> to 7<sup>th</sup> September at Aberdeen.

Following the OTC in Houston the Offshore Europe comes in second on the worldwide ranking list of offshore fairs.

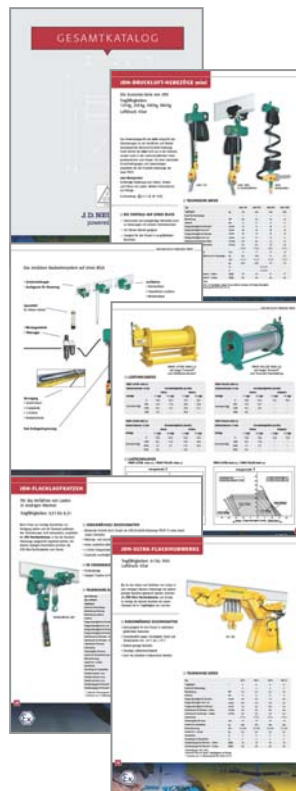

The number of visitors at the Offshore Europe 2005 was well over 32,000. Attendees came from 108 different countries to learn about the latest technologies of more than 1,500 international exhibiting companies – the greatest success since the first Offshore Europe in 1973.

JDN takes part again this year. Please visit us in the „Red Zone“, booth no. 692.

We are looking forward to your visit.

## New JDN General Catalogue

In the new general catalogue you will find on 44 pages solutions for the most different applications around the topic „Lifting with air“.

Besides detailed colour photos and product descriptions we provide comprehensive technical data to support your planning.

The documentation of the high JDN quality standard as well as a short company profile form the end of the general catalogue. Additionally each copy contains a CD Rom with the JDN websites.

The new JDN catalogue is available in German, English and Spanish whereas the two last-mentioned versions include all technical datas in metric and imperial units. Further languages will follow.

You are interested in the new JDN catalogue?

Then immediately ask for your personal copy.

## JDN in Application

With the aid of a JDN Air Winch PROFI PULLER a tons weighing rotor is pulled out of its transport packaging.
