Tip of the Month

Spanish JDN websites are now online: www.jdn.de.

JDN Product Training

Due to great demand we offer the following additional training dates:

Further dates: 15th/16th September, 24th/25th November. If you want to take part at one of our trainings, please book in time, because the number of participants is restricted.

JDN Catalogues

The JDN General Catalogue is now available in French. So the following versions can be ordered: English, French, Spanish, Russian, Chinese and German.

Questions regarding this newsletter may be forwarded to: info@jdn.com.sg

Your **J.D. NEUHAUS** Sales Team

CeMAT 2008

Visit us at the CeMAT 2008 (27th to 31st Mai) the leading trade fair for intralogistics. There you can experience the power of air when moving loads. In addition we draw an Apple MacBook Air among all who visited us on our stand.

On more than 100 m² we will present the current JDN Production Programme. From the small air hoist *mini* over monorail hoists up to air winches. Our stand team is looking forward to seeing you in hall 12, stand no. F58.

Intel Core 2 Duo 1,8 GHz _ 80 GB hard disc _ 2 GB RAM onboard _ Intel GMA X3100 graphics processor with 144MB of DDR2 SDRAM shared with main memory _ Built-in iSight camera _ VGA output using micro-DVI to VGA adapter, Micro-DVI to DVI adapter, S-video output, composite output _ Built-in AirPort Extreme (802.11n) _ Built-in Bluetooth 2.1 + EDR _ 5 hours wireless productivity and much more.

CeMAT Special: JDN Air Hoists for the Food Industry

The food industry makes highest demands on the hygiene and the quality of the applied hoists. Thereby it's not sufficient that these hoists are working efficiently and economically.

Furthermore air hoists have to be designed in such a way that no oil will be emitted with the exhaust air and that they can be fast and easily cleaned.

A further requirement is a low maintenance. Corrosion resistance is a must.

J.D. Neuhaus offers the food industry air driven hoists and trolleys which meet all these requirements.

Learn more about this topic and the eco-friendly JDN Air Hoists at the CeMAT 2008.
