JDN High-Rack-Store

Alterations in high-rack-store have been completed and work is running with full power again.

Two user-friendly work stations with three taking-of-stations each, guarantee a fast in- and out-storage.

By integrating the small-part-store, processes were optimized.

New consignment stations in JDN high-rack-store.

JDN widens Machine Parc

Shortly a new multi-function-lathe will open up.

Additionally it is equipped with a milling machine, so that a lot of serial parts can be manufactured here. For example motor- and gearboxes, rotors and chain-sprockets. Due to this fact the setting-up time can be reduced.

As well as optimizing the store, this investment is a further step to reach shorter delivery times in supplying spare parts, too.

Right now technical engineers of the manufacturer are installing the multi-function-lathe.

JDN Wrestler English wins Silver Medal in Peking

The wrestler Mirko English from Witten, who is sponsored by JDN, sensationally won the silver medal in greek-roman style in class up to 96 kg, at the Olympic Games in Peking.

In the eighth-final the eightfold German champion eliminated the South Korean Han Tae-Young. After that the Albanien Elis Guri had to clear the floor and in the half-final the American Wheeler was overpowered by a convincing performance.

The 29 years old English just had to admit defeat in the final against his Russian competitor Aslanbek Chuschtow.

At least, after 44 years, through the effort of Mirko English, a person from Witten won a medal at the Olympic Games again.

Congratulations!
